

Information about the Harvard Pilgrim Group Number

Feel free to print and share this with your provider's office staff

Harvard Pilgrim does not include the group number on our member ID cards since we do not require providers to include this information when submitting a claim. The critical piece of information on the ID card that a provider is required to submit on a claim is the member ID number, which begins with *HP*.

Some provider offices may still ask for the group number and so we have provided them for each plan below. Your Harvard Pilgrim ID card will reference the name of your plan in the upper right hand corner of the ID card.

If you are enrolled in the *HMO with \$250 Deductible*, the Harvard Pilgrim group number is **040949**.

	Harvard Pilgrim HealthCare	HMO WITH DEDUCTIBLE
