

A guide to your medical coverage

Getting care with the HMO HSA plan

With this plan, you will need to receive care from medical professionals and hospitals that participate in Harvard Pilgrim's provider network, except in a medical emergency. Otherwise, you will be responsible for paying all charges.

Routine and preventive care*

There's no extra charge for routine annual exams with your PCP and many preventive tests and services. Other tests and services your PCP orders may require cost sharing.

Specialty care

You will need your PCP's referral before your plan will cover most kinds of specialty care (e.g., dermatology, physical therapy, etc.). Certain types of visits (e.g., routine eye exams and OB-GYN care) do not require referrals.

Behavioral health care**

Your plan covers in-person visits with thousands of participating licensed clinicians; you do not need a referral. Virtual visits via smartphone, tablet or computer are also available.

Hospital care

You will need a referral from your PCP or specialist for any tests, surgery or treatment you receive at a participating hospital, except in a medical emergency. If you are admitted to the hospital from the emergency room, call your PCP to arrange for any follow-up care you may need.

Care when you're traveling

Your plan covers emergency care if you get sick or injured anywhere in the world.

Acupuncture and chiropractic treatments

Acupuncture and chiropractic benefits are included without referrals on most plans.

Urgent and emergency care

If you have a non-life-threatening illness or injury and your doctor's office is closed, you have a variety of options for getting care. Of course, if you think you're having a medical emergency, go to the emergency room or call 911.

Commonly treated conditions

	Virtual visits Real-time virtual visit with providers via smartphone, tablet or computer	Non-life-threatening illnesses and injuries (coughs/ colds, sore/strep throat, nausea/diarrhea, etc.)	\$
	Convenience care/retail clinic Walk-in, convenience care or retail clinics	Minor illnesses and infections (bronchitis, strep throat, ear & eye infections, etc.)	\$\$
	Urgent care center Walk-in clinic for urgent care	Minor illnesses, injuries and infections (burns, bites, colds & flu, sprains & strains, etc.)	\$\$\$
	Emergency room (ER) Part of a hospital that provides immediate treatment for life-threatening illnesses and injuries	Medical emergencies (heart attack, stroke, choking, loss of consciousness, seizures, etc.)	\$\$\$\$

How the HMO HSA plan works

This plan gives you access to Harvard Pilgrim's full New England network of providers and hospitals. You have coverage for preventive care at no extra cost. Most other services fall under the annual deductible, and you may be able to open a health savings account (HSA) to help pay for qualified health care expenses.

Features

PCP required

Annual deductible for most services

Referrals needed for most specialists

Option to open a Health Savings Account (HSA)

In-network coverage only

A primary care provider is key to good health

A primary care provider (PCP) is the doctor, nurse practitioner or other qualified medical professional you see for annual check-ups and for treatment when you're sick or injured.

Because this plan requires you to have a PCP, we will assign one to you automatically if we don't have one on file for you or if you don't let us know who it is when you enroll.

You and each of your dependents can choose different PCPs from our network of participating providers.

Your PCP's role

- Provides preventive and routine medical care
- Refers you to participating medical specialists, when needed
- Knows your health history and educates you about healthy lifestyle choices

Take advantage of an HSA

With this plan, you can set up a health savings account (HSA), provided you meet Internal Revenue Service eligibility guidelines. You can use HSA funds to help pay for qualified health care expenses or save them for future health care needs. Both you and your employer can contribute to your HSA, which may be available through your company or through a bank.

The advantages of an HSA include:

- You can contribute to your account through pre-tax deductions, which lowers your taxable income.
- Your interest earnings and withdrawals for qualified health care expenses are tax-free.
- Any unused amounts in your HSA carry over from year to year.
- Once you establish your HSA, you can use it to pay for all eligible expenses tax-free for the rest of your life. If you no longer meet eligibility guidelines (e.g., you enroll in a new plan that's not HSA-qualified), you lose only your ability to make additional contributions.
- Your HSA is portable – when you change jobs or retire, your money stays with you.

What you pay for services

Cost sharing is the portion you pay for specific services like office visits, X-rays and prescriptions.* Copayments, deductibles and coinsurance are examples of cost sharing.

Coinsurance: A fixed percentage of costs you pay for covered services. For example, you may have to pay 20% of a provider's bill for your care, while Harvard Pilgrim pays 80%. Coinsurance is usually something you pay after you have paid your full annual deductible.

Copayment: A flat dollar amount you pay for certain services on your plan. You may have different copayments for different services (e.g., primary care visits, specialist visits and prescription drugs). Copayments are normally due when you have your appointment or pick up prescriptions at the pharmacy.

Deductible: A set amount of money you pay out of your own pocket for certain covered services, including prescription drugs. If you have a \$2,000 annual deductible, for example, you will have to pay \$2,000 worth of charges before Harvard Pilgrim helps pay. Copayments and coinsurance do not count toward your deductible.

Out-of-pocket maximum: A limit on the total amount of cost sharing you pay annually for covered services. This generally includes copayments, deductibles and coinsurance. After you meet your out-of-pocket maximum, Harvard Pilgrim will pay all additional covered health care costs.
