# How it Works:

## The Tiered POS Plan

With this plan, you have flexible options for your health care needs.

## Features

- There are three tiers of in-network providers and hospitals, plus you have access to out-of-network providers and hospitals if you need it.
- You pay less when you visit Tier 1 providers and hospitals and more when you visit Tier 2, Tier 3 and out-of-network providers and hospitals.
- You don't have to enroll in a tier; the cost-sharing amounts you pay will vary depending on whom you see and where you go for care.

### Do I need a primary care provider (PCP)?

Yes. Please choose a Tiered POS Plan PCP at the time you enroll. If you do not, Harvard Pilgrim will assign one to you. For in-network coverage, your PCP must provide or arrange for your care (except in emergencies). You must get a referral from your PCP for most kinds of specialty care. If you have a BILH PCP, you don't need a referral to see a BILH specialist.

## My family and I already have PCPs that we like. Can we continue to see them?

Yes, if your PCPs are part of the Tiered POS Plan network. To find out if they participate and what tiers they're in, use the Tiered POS Plan provider directory at harvardpilgrim.org/bilh.

#### How does in-network coverage work?

You have in-network coverage when you receive covered services:

- Directly from your PCP
- From other Tiered POS Plan providers and hospitals with the appropriate referrals

In-network coverage can help you save money. Keep in mind that there are three tiers of Tiered POS Plan providers and hospitals, so your out-of-pocket costs will vary depending on whom you see and where you go.

### How does out-of-network coverage work?

You have out-of-network coverage when you receive covered services from:

- Tiered POS Plan providers and hospitals without your PCP's referral
- Providers and hospitals that do not belong to the Tiered POS Plan network

Out-of-network coverage is usually more expensive than innetwork coverage. Non-participating providers may bill you for the differences between their charges and the amount the plan pays for covered services.

### Do I need referrals to visit specialists?

For in-network coverage, you need your PCP's referral for most visits to Tiered POS Plan specialists, with some exceptions. You can get routine eye exams, behavioral health care, and most kinds of gynecological care without your PCP's referral, but make sure you see Tiered POS Plan providers for in-network coverage. In addition, if you have a BILH PCP, you don't need a referral to see a BILH specialist.

Out-of-network coverage applies when you get care from Tiered POS Plan specialists without your PCP's referral or when you visit specialists that do not belong to the Tiered POS Plan network.

Harvard Pilgrim Health Care includes Harvard Pilgrim Health Care, Harvard Pilgrim Health Care of New England and HPHC Insurance Company.

## What about going to the hospital?

If you need tests or surgery at a hospital, your Tiered POS Plan PCP or specialist must refer you to a Tiered POS Plan hospital for in-network coverage. Your out-of-pocket costs will vary depending on where you go.

Out-of-network coverage applies when you go to a Tiered POS Plan hospital without your provider's referral or when you go to a hospital that does not belong to the Tiered POS Plan network.

Except in an emergency, you must notify Harvard Pilgrim in advance of a hospital admission if you are using providers and hospitals that do not belong to the Tiered POS Plan network.

## What do I do in an emergency?

In a medical emergency (e.g., heart attack, stroke, choking, loss of consciousness or seizures), call 911 or go straight to the nearest emergency room. You have coverage for medical emergencies no matter where you are. If you are admitted to the hospital, someone needs to notify your PCP or Harvard Pilgrim as soon as reasonably possible. Your attending physician may do this, or you can ask someone to do it for you.

## Do I have coverage when I'm traveling?

You have out-of-network coverage for unexpected or unforeseen care (e.g., earache, flu or sprain) when you're traveling outside the state where you live. If it's a medical emergency and you seek services at a hospital emergency room, you will be covered at the in-network level.

## What about my prescription drug coverage?

Harvard Pilgrim does not administer your prescription drug coverage. **InScript** administers the prescription drug plan for BILH employees. You can find copay amounts for the BILH plans on the Prescription tab on **Benefits Central**. For more information, please visit **inscriptrx.org/patients** or call **InScript** at **855-542-1819**.
