“I like having a choice of plan options”

Why Medicare Supplement?

Often people believe that Original Medicare pays for all hospitalization and doctor costs. When first enrolled in Medicare, people are surprised to learn that there are gaps in their coverage and that they're responsible for paying for services that Medicare doesn't completely cover. That's how Harvard Pilgrim can help you. Our Medicare Supplement Plan options help fill in the gaps, and you decide the level of coverage you want.

Our easy-to-use Plan options feature:

- The choice to go to any Medicare participating provider or hospital anywhere in the country
- The ability to keep the doctor you currently have if they are a Medicare participating physician
- No need for referrals
- Choice of Medical Plan options – A, F, G, M, & N
- No copayments for physician services (Exception Plan N)
- Worldwide travel emergency coverage (Exception Plan A)
- Outstanding customer service

We offer five different Medicare Supplement Plan choices: Plan A, Plan F, Plan G, Plan M, and Plan N, with varying levels of premiums and coverage. Please review the enclosed Outline of Coverage and the benefit highlight chart to pick the plan that works best for you.

What kinds of coverage gaps need to be filled?

When Medicare covers a service, you usually have to pay for a portion of the cost, called a deductible or coinsurance. A deductible is the amount you are responsible for paying before Medicare begins to pay.

After your deductible is paid, you may also have to pay a coinsurance, which is usually 20% of the cost of the service. If you have Original Medicare and Harvard Pilgrim's Medicare Supplement Plan, Medicare will pay its share of the Medicare approved amounts for covered health care costs first. Then Harvard Pilgrim has plan options to cover the rest.

What is Medicare?

Medicare is a Federal government health insurance program that was created in 1965 by the Social Security Administration. It's health insurance for people 65 or older, under 65 with certain disabilities, and any age with End-Stage Renal Disease (ESRD).

Different Parts of Medicare

Medicare Part A

(Hospital Insurance)

- Helps cover inpatient care in hospitals
 - Helps cover skilled nursing facility, hospice and home health care
-

Medicare Part B

(Medical Insurance)

- Helps cover doctors' services and outpatient care
 - Helps cover some preventive services to help maintain your health
-

Medicare Part C

(Medicare Advantage Plans)

- Health plans that are offered by private companies approved by the Centers for Medicare & Medicaid Services (CMS)
-

Medicare Part D

(Medicare Prescription Drug Coverage)

- A prescription drug option offered by private insurance companies approved by and under contract with the Centers for Medicare & Medicaid Services (CMS)
 - Helps cover the cost of prescription drugs
-

Medicare Supplement Plan Eligibility

How do I know if I'm eligible to join?

You're eligible to join if:

- You reside in New Hampshire
- You are entitled to Medicare Part A (hospital), enrolled in Medicare Part B (medical) and you continue to pay Medicare Part B premiums.
- Medicare Supplement Plans are available to all individuals, regardless of age, who are entitled to Medicare benefits due to disability.
- Medicare Supplement benefit Plan F, will not be offered to individuals newly eligible for Medicare on or after January 1, 2020.

Note: If you are already covered by both Medicare and Medicaid, you most likely do not need the additional coverage that Harvard Pilgrim's Medicare Supplement Plan options would provide.

When do I enroll?

If you are eligible, you can enroll anytime!

However, the best time to enroll in Harvard Pilgrim's Medicare Supplement Plan is during your Medicare Supplement initial open enrollment period. This period lasts for six months and begins on the first day of the month in which you are 65 or older and enrolled in Medicare Part B.

If you have group health coverage through an employer because either you or your spouse is currently working, you may want to wait to enroll in

Part B. When your employer coverage ends, you will be able to enroll in Part B.

You can send in your application for our plan before your Medicare Supplement open enrollment period starts. This may be important if you currently have coverage that will end when you turn 65, as it allows you to have continuous coverage.

You are eligible for "Open Enrollment" if:

- You have enrolled in Medicare Part B within the last 6 months
- You are under age 65, disabled and enrolled in Medicare Part B within the last 6 months

Guaranteed Issue:

You are eligible for "Guaranteed Issue" if:

- You have been involuntarily terminated or lost coverage from a Medicare Advantage plan, employer retiree plan, COBRA coverage, or a Medicare Supplement plan in the past 63 days
- You voluntarily disenrolled from your Medicare Advantage plan within the first 12 months of enrollment and are applying within 63 days of termination

Outside of your Open Enrollment and Guaranteed Issue events, you may join Plan A at anytime.
